

## Integration Kits For Third Party Control Integration

WarmlyYours Integration Kits are available in both 120V and 240V options and feature a built-in transformer to provide full integration with home automation systems and stand-alone thermostats. WarmlyYours Integration Kits+ also includes an 10 kilohm sensor, used by thermostats equipped with external sensor input terminals, to monitor and regulate floor temperature.

Immediate relay activation provides improved temperature control and comfort, and epoxy-soundproofed relay ensures quiet operation with low current consumption. Heating command indicator light provides at-a-glance verification of relay operation, and the terminal board connection enables easy installation.

### The WarmlyYours Advantage

- Over 15 years in the radiant heating business
- 99% of our customers report complete satisfaction with our service
- 97% of our customers report complete confidence in our product quality

### Signature Services

- Industry Leading 24/7 Installation Support
- Lifetime Technical Support
- Same Day Shipping
- No Restocking Fees

### Features/Benefits

- Available in 120V or 240V
- Resistive load: 22 amps
- Control signal: 24Vac/40 mA/1.2 VA
- Transformer ratings: 24 Vac/1.2VA/Class 2
- Ambient operating temperature: -4°F to 140°F (-20°C to 60°C)
- Ambient storage: -40°F to 175°F (-40°C to 80°C)
- Humidity limits: 0 to 95% non-condensing
- Net weight: 11.5 oz. (326 g)
- Terminal wire size: 12 AWG
- C-UL-US Listed
- 3-year warranty against manufacturer defects

### Integration Kit Options

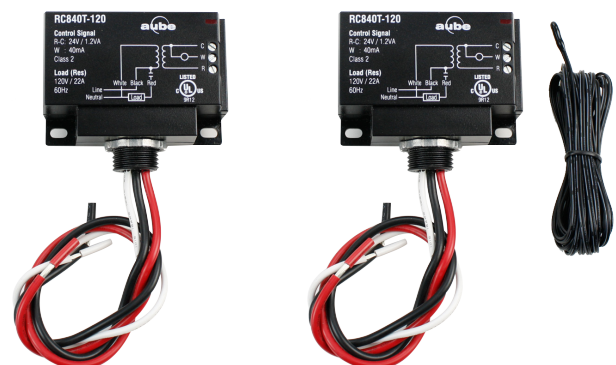

**INTEGRATION-KIT-120V Thermostat Connection Kit**  
*Electric heating relay with built-in 24V transformer 22 amps @ 120V*

**INTEGRATION-KIT-240V Thermostat Connection Kit**  
*Electric heating relay with built-in 24V transformer 22 amps @ 240V*

**INTEGRATION-KIT-PLUS-120V Thermostat Connection Kit+**  
*Electric heating relay with built-in 24V transformer 22 amps @ 120V + Floor Sensor*

**INTEGRATION-KIT-PLUS-240V Thermostat Connection Kit+**  
*Electric heating relay with built-in 24V transformer 22 amps @ 240V + Floor Sensor*

INTEGRATION KIT 120/240V    INTEGRATION KIT PLUS 120/240V

\* Control not included. Must purchase control separately
